

Make Mine Chocolate!

We've discovered a hot chocolate mix from France that will satisfy the pangs of any chocolate lover. L'Ancienne French hot chocolate, made from specially roasted cocoa beans, has a genuinely rich chocolate flavor. Brown cane sugar crystals that visibly sparkle in the cocoa powder and a hint of natural vanilla add just the right amount of sweetness. This chocolate won the National Association for the Specialty Food Trade's "outstanding beverage" award in 2002. It comes in convenient individual packets or a 2.2 pound canister, scoop included.
